5) After receiving all nominations, the Chair then closes the nomination period.
6) The Chair then conducts the roll call vote to determine who will serve as Vice-Chair. If more than one nomination is made, a roll call vote is conducted for each nomination, beginning with the first nomination received, until a Vice-Chair is selected.

ITEM NO. 1A MINUTES

The following minutes were approved as presented:

1) Regular meeting held November 3, 2021

NEW BUSINESS

ITEM NO. 2A UPDATE ON ADA PARKING – VERBAL

DIRECTOR RODRIGUEZ Director Rodriguez presented the update, wherein she advised that staff has received one quote in the amount of $10,500, but noted that it did not include the cost for the slurry of the asphalt, as staff had requested. Staff has reached out to the company that provided the quote as well as two other companies. One of the three was unable to bid, and one has not yet responded. If this company does not respond, staff will move forward with the company that provided the quote. The project will result in a total of four ADA accessible parking spaces, one of which will be van-accessible. Staff hopes to avoid having fewer regular parking spaces, though it is a possibility.
CHAIR FRAIJO Chair Fraijo requested for an update to be presented at the next meeting.

ITEM NO. 2B SCHOOL BUS CAMERA POLICY – VERBAL

DIRECTOR RODRIGUEZ Director Rodriguez presented the update. She indicated that cameras were installed on both busses in November. The IT Manager has tested them and they are operating perfectly. The draft School Bus Camera Policy has been forwarded to the City Attorney and the California Joint Powers Insurance Authority for review. Staff will present an update at the next meeting.

CHAIR FRAIJO Chair Fraijo requested for an update to be presented at the next meeting.

COMMISSIONER LOPEZ Responding to several questions by Commissioner Lopez, Director Rodriguez advised that the cameras will not be utilized until the referenced policy is adopted by the Council and parents have signed acknowledgment forms. The City Attorney’s Office is also looking into whether audio could be recorded as well as video. She added that parents will be given about two weeks to sign and return the acknowledgment forms.

CHAIR FRAIJO Chair Fraijo stated that, while it is important for parents to sign the camera acknowledgment forms, students should not be denied bus rides to school if parents do not turn in the forms by the deadline.

RECREATION MANAGER UPDATE

RECREATION MANAGER ZEPEDA Recreation Manager Zepeda provided an update on the following programs and activities:

1) There are two weeks remaining in the department’s early hours trial, which had an average attendance of 1.3 people daily. She acknowledged staffing challenges and stated that she will request the Commission’s input when considering options for next year.

2) The annual gym floor resurfacing has been scheduled for the first week in January.

3) As suggested previously by Commissioner Ortiz, staff will be utilizing name tags which will include the staffer’s name, photo, and title, among other bits of information on the individual.

4) She also reported on the following trips:

    B) Let’s Decorate Cookies – December 14
    C) Cookies with Santa – December 16
    D) Christmas Home Decorating Contest – December 16
    E) Gingerbread Decorating Contest – December 16

CHAIR FRAIJO Responding to a question by Chair Fraijo, Manager Zepeda advised that only one child is on the waiting list for the Mighty Coyotes, though she believes he will be permitted to participate. She added that more opportunities to sign up will be offered in the future when new sports are introduced.

COMMISSIONER LOPEZ Commissioner Lopez asked about the availability of volunteer coaches, to which Manager Zepeda advised that few individuals have expressed interest in volunteering. She added that information is available on the website for those that may be interested, and indicated that staff can send another flyer to residents soliciting volunteers.

DENA ZEPEDA Dena Zepeda stated that she did not receive flyers about volunteer coaching.
CHAIR FRAIJO  Chair Fraijo suggested that staff clearly indicate that individuals that are interested in signing up for full classes will be placed on interest lists.

COMMISSIONER ROMAN  Responding to questions by Commissioner Roman, Manager Zepeda advised that the issue with ants in the room used for yoga was addressed. She added that the annual Christmas Spectacular will take place in the plaza area.

DIRECTOR RODRIGUEZ  Director Rodriguez advised that some of the decorations could be left out after the event for the enjoyment of the community.

DIRECTOR RODRIGUEZ  Director Rodriguez advised that a rebate of $9k was received for the purchase of the pool covers, and noted that Supervisor Grijalva is working on Lifeguard and Assistant Pool Manager recruitments.

CHAIR FRAIJO  Chair Fraijo stated her preference that employees be built up so that they can promote to higher positions, and requested that an update on the recruitments be presented at the next meeting.

Issue: Aquatics Mid-year Review Requests for City Council

Recommendation:

Receive and file the Aquatics Mid-year Review Requests for City Council.

Administrative Action:

Submitted by:

Daniel Grijalva, Aquatics Supervisor
(626) 430-2247

Approved by:

Elizabeth Rodriguez, Public Services Director
(626)430-2211

Background and Analysis:

During the inspection of the Aquatics Center’s Swimming Pool, staff identified various maintenance items that require repairs or replacements. Staff is able to absorb the cost of some of these maintenance items from the Aquatics and Public Services Maintenance budgets. However, there are some items that are cost prohibitive and require a request for appropriation from the City Council. It is anticipated that City Council will be reviewing mid-year budget requests at the January 26th or February 9th meeting.

Staff has compiled a list of four key items that require replacement or implementation of a new class prior to the opening season of the Aquatics Center, which is scheduled for the third week of March 2022. The following table outlines the items and budget that will be requested by staff to City Council and a detailed description is provided after the table:
<table>
<thead>
<tr>
<th>Item</th>
<th>Description</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pool Heater</td>
<td>The main pool heater is about 8 years old. Currently the whole unit needs to be replaced in time for the Spring 2022 aquatic season.</td>
<td>$49,968.16</td>
</tr>
<tr>
<td>Pool Lighting (in water)</td>
<td>We have a total of 18 (in water lights) 8 of them are out. This quote is to replace all lights and to have them all from the same manufacturer for even lighting throughout the pool.</td>
<td>$13,379.31</td>
</tr>
<tr>
<td>Paddle Board Yoga</td>
<td>This is for certification of 3 current staff members as well as annual instructor access for the 2022 instructional year. As well as all materials required to run the class, (Paddle boards, anchor ties, etc.)</td>
<td>$6,611.25</td>
</tr>
<tr>
<td>Paddle Board Yoga Personnel Cost</td>
<td>This will cover the cost of 1 (APM), 1 Senior Lifeguard/Lifeguard, 1 Instructor, 1 Aquatics Aide/Pool Cashier. For 3 sessions, each is 2x a week for 4 weeks. From March 21st until June 10th</td>
<td>$1,600</td>
</tr>
</tbody>
</table>

**Pool Heater**: The pool heater was replaced about 8 years ago in 2013. The typical lifespan on this model is about 10 years. During the end of the fall season, the unit experienced a major leak in the shaft seal. The City’s Contractor informed staff that the unit required a new pump in the motor. Additionally, staff was informed that the piping connected to the unit that was replaced in 2013 was not sufficient to sustain the normal 10 year lifespan. Staff reached out to our vendor for a quote for a new heater and piping. Staff was also informed that the City will be able to receive a $4,000 rebate with the So Cal Gas Co through their energy saving program.

**Pool Lights**: Midway through the summer, some of the pool lights burnt out. Within the course of a couple months, additional lights burnt out, for a total of eight (8) pool lights. The Aquatics Center Swimming Pool has a total of 18 lights. It will be more cost effective to replace all 18 lights at the same time as it requires the contractor to use scuba diving equipment to replace each light. This allows all the pool lights to be on the same “time clock” and from the same manufacturer. There are currently two different brands of lighting in the pool.

**Paddle Board Yoga**: This cost would cover everything staff needs in order to launch this class. The cost covers the certification of 3 staff members to become instructors, who will be able to teach this class as well as all the required materials such as paddle boards and anchor straps for all boards. Approved by:

Elizabeth Rodriguez, Public Services Director
(626) 430-2211

Background and Analysis:

On October 4, 2021, the Dan Diaz Recreation Center (DDRC) began offering early morning hours, Monday – Thursday from 6:00 a.m. – 9:00 a.m. for the Fitness Center and Open gym (basketball court). The trial commenced Thursday, December 17, 2021. Per the Commission’s recommendation, the offering would be held on a trial basis to determine usage and need. Staff tracked the daily usage of the DDRC during the trial and found that on average, the attendance was 2 patrons to 3 staff members.

Staff is seeking a formal recommendation on how the Commission would like to proceed with early morning access to the DDRC with consideration of overall program/class needs, coverage concerns, staff availability and staffing restrictions. The following table lists the options that staff is presenting for your consideration for early hours of operation at the DDRC based on staff availability:
Option 1 will have current access to the DDRC two days a week in addition to the regular operating hours. Option 2 would revert to our regular operating hours only. As Healthy Irwindale kicks off in 2022, we can also look at offering a Tuesday/Thursday early morning walking class inside the DDRC.

P&R ITEM 20
Irwindale Public Library and Dan Diaz Recreation Center Capital Improvement Project

Recommendation:
Discuss and provide direction regarding the Irwindale Public Library and Dan Diaz Recreation Center Capital Improvement Project

Administrative Action:

Submitted by:
Theresa Olivares, Assistant City Manager
(626) 430-2294

Approved by:
Elizabeth Rodriguez, Public Services Director

Background and Analysis:

On July 13, 2016, the City Council adopted Resolution No. 2016-41-2855 (Attachment “A”), approving a Settlement Offer from California Joint Powers Insurance Authority/Chartis Insurance Company in the amount of $412,669.77 for the replacement of the fire damaged Irwindale Rock House located at 16203 Arrow Highway. The Proof of Loss and Subrogation Agreement (Agreement) (Attachment “B”) includes a special condition, indicting a holdback amount of $174,899.77 to be claimed by the City when the City builds a replacement structure within 10 years from the Agreement execution date, or July 2016. Based on the building records retained by Building and Safety the replacement size of the fire-damaged structure is approximately 1,070 square feet.

Staff assessed the conditions of the Agreement, holdback amount, size of the new replacement structure, time to construct, and the existing City facility's ability to accommodate a new structure. Based on these limitations, staff engaged the services of CWA AIA, Inc., to evaluate the possibility of expanding the Irwindale Public Library to
include a meeting room, mining library, and additional space for patrons to utilize the Library's Wi-Fi. The library expansion project meets the conditions of the Agreement for use of the holdback amount.

Concurrently, the Dan Diaz Recreation Center has several projects in the works, including the roof-screening project, building seismic assessment, and a new HVAC system. The Council authorized staff to solicit bids for the roof-screening project in August 2019. This project will also include painting the exterior of the building. Since this facility is recognized as an Emergency Evacuation Center to be activated in the event of a natural disaster, Structural Focus conducted a structural assessment in January 2020. The findings of the assessment were provided to Council in May 2020, where Council authorized staff to solicit bids for the design of plans and specifications for the structural improvements. Additionally, a majority of HVAC units at the facility are more than 30 years old, not functioning properly and need to be replaced with energy efficient units. Although these projects were initially presented as stand-alone projects, they are interrelated and it would be appropriate for them to be tied into one capital improvement project. The consultant has informed staff that additional restrooms are required for this facility. Due to the fixed footprint of the building, the unknown quantity of restrooms will reduce the amount of usable space for recreation programing and activities. The department continues to increase the classes and events offered to the community and therefore the consultant is recommending an additional ~2,600 square feet to accommodate the required restrooms and space needed for programs and events.

**Options**
Due to the scope and estimated cost of the project, direction from the City Council was required and on December 8, 2021, the Council was provided with two options. The options were based on the current use of both facilities, along with the anticipated growth for the departments' ongoing needs.

**Option 1: Recreation Retrofit & Library Addition**
- Recreation Center (Approx. 19,000 SF) $7,021,000
- Library Addition (Approx. 2,600 SF) $2,279,000
- Total Construction Estimate $9,300,000

Under this option, the existing recreation building would be seismically retrofit, exterior painted, new air conditioning unit, new roof, and minimally reconfigured to create efficiencies for classes and programs. However, there would be a space reduction to accommodate the required restrooms, affecting the classes and programs offered by the department. The library addition would expand the library by approximately 2,600 square feet and allow for increased programing.

**Option 2: Recreation Retrofit & New Stand Alone Library**
- Recreation Center (Approx. 19,000 SF) $ 7,198,000
- New Stand-Alone Library Addition (Approx. 7,000 SF) $ 5,602,000
- Total Construction Estimate $12,800,000
Under this option, the recreation department would occupy the existing library space, providing the department with the additional space suggested by the architect based on the department's needs. The proposed new stand-alone library would be a two-story facility located in the green space west of the existing library. This option would also include reconfiguration of the library parking lot.

At the December 8, 2021 City Council meeting, the City Council directed staff to proceed with Option 2 and also evaluate a standalone library with one of the potential locations being the ten-acre site.

Next Steps
The Public Services Director, Recreation Manager, and City Librarian have been consulted as this capital improvement project has evolved. At this time staff seeks requests from the commission as the architect proceeds with the design of the Dan Diaz Recreation Center. The Commission's requests will be shared with the architect. This capital improvement project is in the initial planning phase and as the project progresses updates will be provided to the Commission.

   iv) The ACV (Actual Cash Value) amount issued to the City upon approval of the agreement is $308,320.99.
   v) The holdback amount of $169,899.77 will be provided to the City when we start construction of the replacement structure; and

WHEREAS, since the initial clean up of the site, at an estimated cost of $14,370.48, was performed by CJPIA’s contractor at their cost, and additional funds in the amount of $91,978.30 were expended by CJPIA for construction bids to determine the potential cost to reconstruct the building, it is determined that the final settlement offer is fair and a reasonable amount for the City to construct a new structure at our preferred location at a future time; and

WHEREAS, the California Joint Powers Insurance Authority/Chartis Insurance Company has indicated that the time limit to receive the holdback amount for construction of a new structure should be limited to a period not to exceed ten years.
