<th>ITEM NO. 1C</th>
<th>CLAIM: FRED &amp; REBECCA BARBOSA VS. CITY OF IRWINDALE / IRWINDALE HOUSING AUTHORITY (Joint Item on Housing Authority Agenda)</th>
</tr>
</thead>
</table>

COUNCILMEMBER BRECEDA

Councilmember Breceda declared a potential conflict of interest, recused himself from this item, and exited the Council Chambers at 6:57 p.m.

MOTION

A motion was made by Mayor Pro Tem Ambriz, seconded by Councilmember Ortiz, to direct staff to return the claim due to its untimely filing on behalf of the City and Housing Authority, and direct the City Manager / Executive Director to speak to the claimants regarding their claim.

FRED BARBOSA

Responding to a question by Fred Barbosa, City Attorney Guerra advised that the action that is being proposed includes directing staff to send a letter to the claimants indicating that the claim was filed late.

Mr. Barbosa noted that the Housing Authority has previously authorized reimbursement of expenses incurred by residents in repairing faulty items at their homes, even after many years have passed since those items were installed and their warranties have long since expired. He complained that the City Inspector who inspected the repairs made at his home signed off on shoddy workmanship, and stated that he subsequently had to take out another loan in order to correct the contractor's deficient work. He referenced a contract that he says he entered into with the Housing Authority for the repairs to his house, and asked when the Housing Authority's statute of limitations began, to which City Attorney Guerra stated that it would be inappropriate for him to respond since he is not sure which contract Mr. Barbosa referenced.

CITY ATTORNEY GUERRA

City Attorney Guerra further stated that he is unable to provide legal counsel to Mr. Barbosa.

REBECCA BARBOSA

Rebecca Barbosa stated that they did not previously submit a claim since they were unaware of the faulty work, and that they only noticed the faulty work when a second contractor discovered it in 2019. She requested that the Council "do the right thing." She also noted that the Housing Authority has previously issued reimbursements to other
property owners for their expenses in conducting repairs, even though the repairs were conducted without the required permits.

DENAZEPEDA

Dena Zepeda complained about the legal counsel representing the Housing Authority and made allegations of impropriety against the Housing Authority staff. She suggested that no letters be sent to the claimants and for the Executive Director to speak to them instead.

MAYORBURROLA

Mayor Burrola noted that the Council has not made a motion to deny the claim.

COUNCILMEMBERORTIZ

Councilmember Ortiz stated that the claim has not been denied.

MAYOR PRO TEMAMBRIZ

Mayor Pro Tem Ambriz advised that the Council has motioned to direct the City Manager to speak to the claimants regarding their claim.

ROLL CALL

The above-mentioned motion was unanimously approved; Councilmember Breceda absent.

COUNCILMEMBERBRECEDA

Councilmember Breceda returned to the Council Chambers at 7:10 p.m.

NEW BUSINESS

ITEM NO. 2A

MAY 25, 2022 HOUSING WORKSHOP UPDATE (Joint Item on the Housing Authority agenda)

DIRECTORSIMPSON

Director Simpson introduced the staff report. She also introduced Mr. Matt Kowta from BAE Consultants.

CITY MANAGERMIRANDA

Responding to a question by City Manager Miranda, City Attorney Guerra advised that this item relates to a General Plan housing workshop and it is not tied to any specific site, and as such, there does not appear to be any conflicts of interest with the Councilmembers.

MATT KOWTA

Matt Kowta reviewed the PowerPoint presentation he made at last night’s housing workshop and noted that the workshop did not discuss any city-sponsored housing developments.

DIRECTORSIMPSON

Director Simpson elaborated on the staff report and discussed the comments received during the workshop.

COUNCILMEMBERORTIZ

In reply to a question by Councilmember Ortiz, Mr. Kowta indicated that the entire process to have the housing element approved by HCD would take another year. Once the draft is submitted to HCD, a
MATT KOWTA

Mr. Kowta advised that staff is continuously seeking input and will refine suggestions before asking the Council to adopt the Housing Element as part of the General Plan. He noted that this step will likely take place over a year from now.

MAYOR PRO TEM AMBRIZ

Mayor Pro Tem Ambriz noted that city residents have a great interest in future housing within the city. He suggested that the Council take time to review all the information and comments that have been made thus far and hold-off on providing direction today in an effort to ensure that the Council makes the best possible decision.

COUNCILMEMBER GARCIA

In response to a question by Councilmember Garcia, Mr. Kowta spoke on the availability of overlay zones to allow for the development of different types of zoning in specific areas.

MAYOR BURROLA

Mayor Burrola asked whether the development of senior housing units would count toward the City’s RHNA numbers, to which Mr. Kowta confirmed that they would if they are self-contained, apartment-type units.

Mayor Burrola asked whether the Housing Element could be modified once submitted to HCD, to which Mr. Kowta confirmed that it could be. He added that, if a certain area is identified as an appropriate site for housing development, but subsequently removed, then under the “no net loss” rule, the City would have to identify an alternate location and maintain the same capacity.

Mayor Burrola thanked staff for the presentation. He then agreed with Mayor Pro Tem Ambriz’s suggestion to take time to think about the housing needs of the city while also considering all the suggestions that have been made.

MATT KOWTA

Mr. Kowta cautioned that the process needs to move as quickly as possible since the City is operating under certain deadlines, including one that has already passed.

MICHELLE DURAN

Michelle Duran thanked staff for the informative workshop held yesterday and urged the Council to consider using property along Allen Drive for housing only and for no other purposes. She suggested possibly developing senior housing and multi-family units on the site due to its proximity of amenities such as the park. She also suggested that consideration be given to a property near Duarte “where the truck parking is.”

ROBERT DURAN

Robert Duran concurred with Michelle Duran and suggested keeping housing developments near the hub of the city.
Dena Zepeda spoke on her interpretation of conflicts of interest and suggested developing housing on Allen Drive since residents living near the city's outskirts feel left out. She also spoke in favor of developing mixed-income units to avoid segregating certain income-level households.

Anthony Naranjo also thanked staff for the presentation and stated his belief about the need for the Council to act quickly and begin making decisions. He also stated his belief that housing needs have changed and that the priority should be focused on developing multi-family units.

As requested by City Manager Miranda, Director Simpson reviewed the suggestions made at last night’s workshop.

Mayor Pro Tem Ambriz reiterated his desire to take time to process the information received and further discuss the matter at the first Council meeting in July.

Councilmember Ortiz agreed with Mayor Pro Tem Ambriz about the need to process the information received. He spoke on the potential for housing to be developed on the various sites that were presented, with the principal focus on Allen Drive.

Councilmember Garcia agreed and stated that he would like the opportunity to visit all the proposed sites to get a better feel of the locations, with Allen Drive being the priority for housing development. He also requested a copy of the information provided at last night’s workshop so he can review it and provide additional feedback.

Councilmember Breceda stated that there are some sites that he would like to look into.

Mayor Burrola thanked staff for the workshop and for all the information provided to the public thus far. He also acknowledged the public's apparent preference to develop housing on Allen Drive, and suggested possibly further discussing this information at the next Council meeting.

Responding to a question by Mayor Burrola, Mr. Kowta indicated that staff does not necessarily need to know a specific number of homes to be developed at this time. However, now that Allen Drive seems to be the prime location, it is very important to determine the type of housing that should be developed there, as well as determine where higher-density units could be placed. He requested Council input, perhaps at the next meeting, on the amount of units to be developed per income category.
Mayor Pro Tem Ambriz reiterated his belief that the Council needs more time to analyze, and suggested further discussion at the first meeting in July.

City Manager Miranda noted that the City is at a stage where certain information relating to the Housing Element needs to be provided to HCD. He acknowledged that some matters would need to be brought back, but spoke in support of developing conversations and decisions with forward momentum.

Director Simpson noted that the 5th Cycle Housing Element already identified three acres for development at Allen Drive, with 21 units per acre, and as such, the City has already committed to this amount. Now the City would need to analyze the remaining 7 acres at the site. She added that property owners might contact the City with the desire to rezone their land.

Councilmember Garcia suggested for community members to draw renderings of what they would prefer to see developed.

City Attorney Guerra reiterated City Manager Miranda’s concern and noted that, under state law, the City must have its housing element adopted and the Zoning Code implemented by October 15 of this year, which does not allow for much time. He acknowledged Mayor Pro Tem Ambriz’s request for additional time to process the information received, but urged the Council to take concrete steps. He noted that many prefer developing housing at Allen Drive; perhaps the Council could place the discussion of the Allen Drive site on the agenda for the next meeting in an effort to make good-faith efforts in meeting the October deadline.

Mayor Burrola requested that this item be brought back at the next Council meeting. He requested that the Allen Drive site be studied for the potential development of housing at the site.

A motion was made by Mayor Pro Tem Ambriz, seconded by Councilmember Ortiz, to discuss the 10-acre site and its potential for development at the next Council meeting. No roll call was held.

Director Simpson noted that, in addition to the Housing Element, staff would also be analyzing the General Plan Element, Safety Element, and a new item called the Environmental Justice Element.

FY 2022-2023 BUDGET WORKSHOP #2 (Joint Item on Housing and Reclamation Authority Agendas)

Director Borhani presented the staff report as well as a PowerPoint presentation.
Councilmember Ortiz noted minor corrections to information presented in the report relating to the proposed Zumba Gold classes and Mariachi Fest performances.

Discussion was held relating to the following:

1) Costs of hiring a certified trainer as compared to the costs in training staff to become certified trainers, and whether staff is willing to be trained.
2) The Parks & Recreation Commission originally proposed the idea to have a certified trainer assist in the weight room.
3) The costs involved in upgrading the audio/video components in the Council Chambers.
4) The costs of purchasing vs. renting a portable stage and its availability under each scenario.
5) Costs and availability of training for members of the Public Works Services team.

Mayor Burrola suggested for staff to check whether staff members are willing to be trained to serve as certified trainers in the weight room, and for instructional videos be displayed on monitors at the weight room for those individuals that are interested in learning how to use the machines. He also suggested that the portable stage be rented instead of having the city purchase one.

Rebecca Barbosa spoke on her training experiences during her time working for the City.

City Manager Miranda briefly spoke on the potential funding sources that Assistant City Manager Olivares is working on securing for shovel-ready projects.

City Attorney Guerra noted that the next steps in adopting the budget would be to prepare an ordinance and introduce it at a City Council meeting for first reading then at another meeting for second reading and adoption.

A motion was made by Mayor Pro Tem Ambriz, seconded by Councilmember Breceda, to approve the costs associated with training five staff members to take certified trainer courses and include in the FY 2022/2023 budget. The motion was unanimously approved.

A motion was made by Councilmember Ortiz, seconded by Councilmember Breceda, to approve the costs associated with renting a portable stage and including in the FY 2022/2023 budget. The motion was unanimously approved.

None.

Background and Analysis:
Because the regularly scheduled second meetings in November and December fall during the holiday season (and City Hall may be closed to the public during the period December 26, 2022 through January 9, 2023), it would be appropriate for Council to consider canceling the meetings of November 23, 2022 and December 28, 2022, as has been done in past years.

Fiscal Impact:
None

Background and Analysis

Article VIII, Section 803 of the City Charter authorizes the City Council to establish, by Resolution, a classification plan, salaries, and other forms of compensation for all City employees. The City’s Compensation Resolution has been updated periodically as a result of personnel adjustments and/or compensation adjustments. It was most recently updated on April 13, 2022, through the City Council’s adoption of Resolution No. 2022-29-3279.
Proposed Resolution No. 2022-61-3311 sets forth the authorized number of employees along with titles and compensation levels for unclassified management positions, unaffiliated and/or unrepresented unclassified at-will positions, and full-time represented positions in accordance with the approved Tentative Agreements for Successor Memoranda of Understanding by and between the City of Irwindale and the Irwindale City Employees Association (ICEA), the Irwindale Management Employees' Association (IMEA), and the Irwindale Police Officers' Association (IPOA) as previously adopted by the City Council. The salary range schedule incorporated in proposed Resolution No. 2022-61-3311 provides a 3% cost of living adjustment (COLA) for all full-time and part-time employee positions, effective July 10, 2022.

This Resolution meets the requirements for a publicly available pay schedule as required by CalPERS. (2 C.C.R. §570.5.)

Fiscal Impact:

The compensations reflected in this Resolution are included in the FY 2022-23 budget.

RESOLUTION NO. 2022-61-3311

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRWINDALE
ESTABLISHING THE NUMBER OF POSITIONS, SCHEDULE OF CLASSES,
AND COMPENSATION FOR CITY EMPLOYEES

WHEREAS, Article VIII, Section 803 of the City Charter requires the City Council to establish by resolution salaries and other forms of compensation for all City employees; and

WHEREAS, Section 2.12.010 of the Irwindale Municipal Code requires that the offices and positions in the City employment be fixed and established by resolution of the City Council; and

WHEREAS, Section 2.12.020 of the Irwindale Municipal Code requires that the salaries and compensation of officers and employees of the City be fixed and determined by resolution of the City Council; and

WHEREAS, Section 2.25 of the City's Personnel Rules states that the Personnel Officer shall prepare an annual salary resolution that establishes the minimum through maximum salary rates of pay for employee classifications, which shall be adopted by the City Council; and

WHEREAS, the City Council adopted Resolution No. 2022-29-3279 on April 13, 2022, which established the number of positions, schedule of classes, compensation, and benefits for City employees; and

WHEREAS, based on the Tentative Agreements for successor MOU between the City and the ICEA, IMEA, and IPOA, the City desires to update the salary resolution to reflect changes in compensation, and

WHEREAS, the salary range schedule incorporated in this resolution provides a 3% cost of living adjustment (COLA) for all full-time and part-time employee positions, effective July 10, 2022; and

WHEREAS, the City Council desires to adopt this resolution to accurately reflect the current compensation ranges, position titles, and number of positions for all City classifications; and

WHEREAS, this resolution is also intended to serve as the City's California Public Employees Retirement System ("CalPERS") publicly available pay schedule as required by California Code of Regulations, Title 2, Section 570.5.

NOW, THEREFORE, the City Council of the City of Irwindale hereby resolves, determines and orders as follows:

SECTION 1. Applicability to other Governing Documents.

This Resolution shall supersede and replace Resolution No. 2022-29-3279. This Resolution shall also take the place of all existing resolutions or orders of the City Council as they relate to the subject matter contained herein. However, in no event shall this Resolution rescind, supersede, alter or in any way have an effect on Resolution No. 2021-116-3238, that was adopted December 8, 2021, relating to the compensation and benefits of unclassified, unrepresented management employees, or on any approved or adopted memoranda of understanding in accordance with Section 2 of this Resolution.
In the event that any provision of this Resolution is in conflict with the City’s Personnel Rules or other policies, this Resolution shall supersede and govern the City’s policies and practices with regard to unrepresented and/or unaffiliated employees.

SECTION 2. Classified Employees Organized In Bargaining Units Represented By Recognized Employee Organizations.

The Tentative Agreement or Memoranda of Understanding for IMEA, ICEA, and IPOA govern the employment relationship between the City and the employees represented by their respective Recognized Employee Organizations. In the event that this Resolution conflicts with the benefits granted or the restrictions imposed pursuant to any Tentative Agreement or Memoranda of Understanding negotiated with these Recognized Employee Organizations, the applicable Tentative Agreement or Memoranda of Understanding shall govern as to that particular employee bargaining unit.

The City Council hereby approves the number of positions, list of class titles, and compensation for all City job classifications reflected in Exhibit A, effective July 10, 2022.

If any employee is receiving compensation above the highest step of the salary range stated in this resolution for his/her position, the employee’s present rate shall be continued as an approved additional step rate for the class ("Y-rated"), until the highest step is greater than the Y-rate. Except as provided herein or an applicable MOU, no non Y-rated employee may be adjusted to a Y-rate upon reclassification or promotional appointment, and the Y-rate shall no longer be in effect after the termination of the employment in that class of the incumbent(s) on whose behalf the Y-rate is authorized. Nothing in this resolution shall prohibit any Y-rated employee from receiving a cost of living adjustment that other employees within the employee’s applicable bargaining group may receive pursuant to an applicable Tentative Agreement or MOU.

SECTION 4. Certification.

The Chief Deputy City Clerk shall certify to the adoption of this resolution.

PASSED, APPROVED AND ADOPTED this 22nd day of June 2022.

Issue: RESOLUTION TO ACCEPT A DONATION FROM THE IRWINDALE COMMUNITY FOUNDATION

City Manager's Recommendation:

It is recommended that the City Council adopt Resolution No. 2022-56-3306 entitled, "A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRWINDALE ACCEPTING AND APPROVING THE APPROPRIATION OF DONATED FUNDS FROM THE IRWINDALE COMMUNITY FOUNDATION FOR Fiscal Year 2022-2023".

Background and Analysis:

1. On May 17, 2022, the Irwindale Community Foundation approved a donation to the City in the amount of $36,370. The City Council accepted and approved the donation via adoption of Resolution No. 2022-50-3300 on May 26, 2022.

2. On May 24, 2022, the Irwindale Community Foundation approved an additional donation to the City in the amount of $78,850, distributed to the following divisions:

3. It would be appropriate at this time for the City Council to formally accept the generous donation of $78,850 from the Irwindale Community Foundation on behalf of the City and appropriate these funds for use in Fiscal Year 2022/2023.

Fiscal Impact:

Approving Resolution No. 2022-56-3306, and thereby accepting this donation, will make it possible for the Public Services Departments to offer certain events, programs, and activities not currently budgeted. This will provide a benefit to the community while also saving General Fund monies. A budget request itemizing how the corresponding donations to each division is planned to be utilized was presented to the City Council at the Budget Workshop #2 held on May 26, 2022.

Fiscal impact:
Adoption of Ordinance No. 761 will approve the FY 2022-2023 Budgets listed in Exhibit A for all City funds, the Housing Authority and Reclamation Authority. Note, the Boards of the Housing Authority and Reclamation Authority have separately adopted the FY 2022-2023 budgets by resolutions at their respective meetings on June 8, 2022.

The Budget Summary for the General Fund shows a surplus projected of $4.5 million for its Operating Budget and One-Time Items. However, the large Capital Projects budget approved along with the timing of when the American Rescue Plan Act (ARPA) second and final installment will be received cause an overall deficit of $209 thousand.

The General Fund Reserve balance is currently projected to be $26 million at the end of FY 2021-2022. Adoption of the proposed FY 2022-2023 Budget will reduce the fund balance by the $209 thousand deficit, resulting in a projected General Fund Reserve balance of $25.8 million as of June 30, 2023.

Issue: A RESOLUTION TO EXTEND THE EXISTENCE OF A LOCAL EMERGENCY REGARDING THE COVID-19 PANDEMIC

City Manager's Recommendation:

It is recommended that the City Council:

1) ADOPT RESOLUTION NO. 2022-66-3316 ENTITLED “A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF IRWINDALE, CALIFORNIA EXTENDING THE EXISTENCE OF A LOCAL EMERGENCY RELATED TO COVID-19 PANDEMIC WITHIN THE CITY OF IRWINDALE PURSUANT TO IRWINDALE MUNICIPAL CODE CHAPTER 2.44”

Background and Analysis:

On March 4, 2020, Governor Newsom declared the existence of a state of emergency for the State of California in response to an outbreak of a respiratory illness known as a coronavirus ("COVID-19"). On March 4, 2020, the Los Angeles County Board of Supervisors and the Department of Public Health declared a local and public health emergency in response to the increased spread of COVID-19 across the country.

On March 18, 2020, the City Council adopted Resolution No. 2020-18-3178, pursuant to Chapter 2.44 of the Irwindale Municipal Code, confirming the proclamation of the existence of a local emergency due to COVID-19, as declared by the City’s Director of Emergency Services on March 12, 2020.

While Los Angeles County’s coronavirus metrics had been steadily dropping and the State has reopened, it is recommended that the City Council extend the local emergency for an additional period of 60 days to continue to make resources available to address the continuing effects of COVID-19.

Fiscal Impact:

There is no fiscal impact at this time in approving the 60-day extension of the COVID-19 local emergency.

On May 25, 2022, a housing and development workshop was held at the Dan Diaz Recreation Center at the request of Mayor Pro Tem Ambriz. The workshop provided the
community with background information and the opportunity to take public comments as the City is preparing its General Plan (GP) and Housing Element (HE) update for the 2021-2029 planning period. Additionally, the housing workshop provided an opportunity for participants to provide input on various locations throughout the City where housing may be suitable. Attendees were also able to provide input on the housing density and type of housing (i.e., single family, multi-family, town homes) they prefer. Additionally, a housing development survey was distributed to all Irwindale residents, posted on the City’s website, and distributed to businesses through the Irwindale Chamber of Commerce.

At the May 26, 2022, City Council meeting, staff and the Bay Area Urban Economics (BAE) consultant preparing the Housing Element (HE) update provided a summary of the workshop presentation, participant comments, and the survey results. The PowerPoint is included as Attachment A.

At the conclusion of the meeting, Mayor Pro Tem Ambriz and Councilmember Ortiz requested time to visit the potential housing sites and get additional community input in order to provide direction to staff at a future meeting.

Tonight, Staff is seeking direction from the Council/Board regarding the inclusion of specific sites in the HE and proposed density for each site. This information is necessary for Staff and the consultant to complete the time-sensitive initial draft of the HE. The potential housing sites include the locations listed below and a PowerPoint presentation will be provided to include each site. A map of the sites is included as Attachment B and can also be found at: Summary Characteristics of Housing Sites (irwindaleca.gov)

Please answer the following questions completely

What are your reasons for wanting to serve on the Irwindale Community Foundation? (Use additional paper, if necessary.)

I would like to do everything possible to get out into the community to identify and address the needs and facilitate ways that we as the Foundation can address those needs and support the residents. I would also like to utilize our platform/events to help bring the community together by getting more resident involvement in making changes and improvements that we would all like to see in our community.
Why do you feel that you would make a good Foundation Member? (Use additional paper, if necessary.)
I feel that both my professional and personal experience/skills would play a huge role in being a great Foundation Member. I am OCD when it comes to organization/planning and am a excellent listener but also a realist. We need to be able to actively listen to our community members but also be able to prioritize and determine what is realistic and what is not by differentiating between "need" and "want." Networking and collegiality is extremely important in my career which would carry over to working with the Foundation. We must establish and maintain the relationships with businesses and stakeholders so as to continue collaborating on future projects. One of the goals should be to revitalize our community while making an impact on the residents to encourage more participation. I am an advocate for assisting those in need while involving them in the process and providing not just goods/money but also resources.

Julian A. Miranda, City Manager

Background and Analysis:

On or about June 28, 2001, in the Fiscal Year 2001-2002, the City Council of the City of Irwindale ("City Council") adopted the Sewer Maintenance District (Irwindale Business Center) and established a sewer maintenance charge for the Sewer Maintenance District for the manner of levying such charge and maximum amounts to be charged for the fiscal year pursuant to the Improvement Act of 1911 (Streets & Highways Code § 5000 et seq.) ("Act");

Furthermore, in Fiscal Year 2001-2002, the City of Irwindale ("City") formed the Street Lighting Maintenance District (Irwindale Business Center) Resolution Number 2001-42-1762, to generate revenue and finance the cost of providing maintenance for the existing public street lighting system within the Irwindale Business Center. The Irwindale Business Center is a 116-acre private industrial development and the improvements to be maintained within the Street Lighting Maintenance District are appurtenant thereto within and benefiting all assessable parcels of land within the Street Lighting Maintenance District.
In order to maintain the Sewer Assessment District and the Street Lighting Assessment District, both located within the Irwindale Business Center, (each, “Assessment District” and collectively, “Assessment Districts”) and to establish the charge rate for the Fiscal Year 2022-2023 assessments, the City retained a professional engineering consulting firm for the preparation of the Engineer’s Report for each Assessment District. The Engineer’s Report for the Irwindale Business Center Sanitation and Sewage System is prepared in accordance with the methodology stated in Section 5473 of the Health and Safety Code. The Engineer’s Report for the Irwindale Business Center Street Lighting Maintenance District is prepared in accordance with the methodology stated in Article 4, Chapter 1, Part 2, Division 15 of the Streets and Highways Code, beginning with section 22565 et seq.

1) The proposed assessments will defray the City’s costs in the administration of the Assessments Districts. The property owner will have an opportunity to address the City Council concerning the assessment district during the public hearing. Following the completion of the public hearing, the City Council will vote on the property assessments for the street lighting and sewer maintenance charges for Fiscal Year 2022-2023 and instruct the County Assessor’s office for the collection through tax bills.

2) Copies of the two approved Engineer’s Reports are included with the Resolution for each Assessment District.

   a. The Sewer Maintenance District anticipated assessment Levy is $1,447.76 per Benefit Unit for Fiscal Year 2022-2023, which is based on the estimated cost of operations, maintenance, and future lift station replacement for that year.

   b. The Street Lighting Maintenance District assessment to be levied is based upon each parcel within the boundaries of the District and the assessment was based solely on the benefit received from the street light maintenance. The Assessment per Benefit Unit is $139.09.

3) The Public Hearing for the Irwindale Business Center Sewer Maintenance District and Irwindale Business Center Street Lighting Maintenance District have been duly noticed in accordance with applicable laws. Following the completion of the respective Public Hearing, it is recommended that the City Council adopt the corresponding resolutions.

Fiscal Impact:
All costs for the maintenance and administration of the two Assessment Districts are budgeted and accounted for in the City’s Irwindale Business Center Assessment District
Funds 44 and 45. There is no impact to General Fund expenditures, and there is nominal revenue reimbursed to the General Fund as administrative overhead for staff time allocated to the two assessment districts.

WHEREAS, pursuant to Government Code sections 53750 et seq. a fee or charge is increased for the purposes of Article XIIIID of the California Constitution, (“Proposition 218”) where the methodology used to calculate the fee or charge is revised and the revision results in an increased amount being levied on any person or parcel; and

WHEREAS, pursuant to Proposition 218, in adopting the sewer and maintenance charge for the fiscal year 2001-2002, the City complied with the notice, protest, and hearing requirements of Government Code sections 53750 et seq. and Proposition 218; and

Following publication, as required by Section 5473.1 of the California Health and Safety Code, the City Council has held a hearing to hear and consider all objections or protests to the Engineer's Report. The City Council hereby finds and determines that protests have not been made by the owners of a majority of separate parcels of property described in the Engineer's Report.

SECTION 3. That pursuant to Section 5473.3 of the Health and Safety Code, the Engineer's Report filed with the City Clerk on May 25, 2022, is hereby approved and adopted and the Sewer Maintenance Charge is hereby determined and ordered to be the charges and fees for each legal parcel of land in the assessable parcels of land within the District for the Fiscal Year 2022-2023, for the maintenance of the City's sanitation and sewerage system within the District. The amount of the Sewer Maintenance Charge shall constitute a lien against the lots or parcels of land against which the Sewer Maintenance Charge has been imposed as provided in Section 5473.5 of the Health and Safety Code.

SECTION 4. As provided in Sections 5470 et seq. of the Health and Safety Code, the Director of Public Works/City Engineer and City Clerk are hereby authorized and directed to make the necessary filings for the City of Irwindale for Fiscal Year 2022-2023 concerning the Sewer Maintenance Charge as part of the property tax collection procedure. The Sewer Maintenance Charge shall be collected on the tax roll in the same manner, by the same person, and at the same time, as together with and not separately from, the general property taxes, and shall be delinquent at the same time and thereafter be subject to the same delinquency penalties as the general property taxes.

SECTION 5. The City of Irwindale provides sewer services to the properties described in the Engineer's Report and the City will incur expenses for operation and maintenance of the System. The City Council does hereby determine that the public interest, convenience and necessity require that the Sewer Maintenance Charge, as proposed, be imposed upon all real properties located within Tract No. 25436 and be collected by placing the same on the tax bills issued pursuant to rolls for collection. Passage of this Resolution shall constitute the imposition of the Sewer Maintenance Charge for the fiscal year referred to in the Engineer's Report.
SECTION 6. The City Clerk shall certify to the adoption of this Resolution and the Engineer's Report and forward a certified copy hereof to the Tax Collector and Auditor of the County of Los Angeles.

City Clerk, City of Irwindale
Los Angeles County, California
I. Introduction

To establish a revenue source based on benefit to property for funding the maintenance of public sewer facilities in the 116-acre private development, Irwindale Business Center, the City Council directed the City Engineer to facilitate the formation of the Sewer Maintenance Charge (Irwindale Business Center) (the “District”) under the Health and Safety Code (“H&SC”), Sections 5470 et. seq., entitled "Sanitation and Sewerage Systems" which provides a method for collecting funds for the maintenance of sewer facilities on the property tax bills. The funding supported the maintenance of a sewer system and a lift station and the future replacement of the lift station (estimated for the year 2026) in the area known as the Irwindale Business Center.

In Fiscal Year 2001/2002, the City Council of the City of Irwindale (the “City”) established the Sewer Maintenance Charge (Irwindale Business Center). The noticing and balloting requirements and other applicable provisions of Article XIIIID of the California State Constitution were followed with respect to the formation of the Sewer Charge. It was determined that the sewer maintenance charge was a property-related charge and should be levied upon each parcel within the boundaries of the Irwindale Business Center. A maximum charge rate of $829.38 per benefit unit (“BU”) was established for Fiscal Year 2001/2002.

The rate imposed each year will be based on the estimated cost of operations, maintenance, and future lift station replacement for that year. For any year in which all other rates imposed under the Sewer Charge are adjusted by the change in the Consumer Price Index (“CPI”), the maximum rate will also be adjusted by the CPI.

Section 5473 of the H&SC requires this Engineer’s Report (“Report”) to be prepared and filed with the City Clerk each year for the purpose of establishing the charge rate. The charge rate for Fiscal Year 2022/2023 is presented herein in accordance with the methodology as set forth below.

Following approval of this Report, the City Council will hold a public hearing to provide an opportunity for any interested person to be heard. At the conclusion of the public hearing, the City Council may adopt a resolution confirming the levy of the charge as proposed or as modified.

II. Description of the Improvements

The City’s existing sewer system facilities in the Irwindale Business Center include approximately 7,500 L.F. of 8" to 12" VCP gravity public sewer main and a sewer lift station, (3'-6" X 14", 1400 GPM, 75 HP dry well pumps and a 12,000 gallon wet well) built to capacity for the project.
III. Estimate of Cost

The cost of operation, maintenance, servicing of the improvements and the replacement of the lift station for Fiscal Year 2022/2023, as described above, are summarized herein and described as below.

(1) Annual cost for the replacement of the lift station at the end of its useful life estimated to occur in the year 2016. This cost was estimated to be $750,000 in 2000. Due to increased equipment, material, and labor costs in 2007 the Los Angeles County Maintenance Division recommended a 30% increase to this estimate to a cost of replacement of $975,000. In addition, in 2014 the Los Angeles County Maintenance Division recommended construction of a bypass system to allow for continuous operation while routine maintenance continues to be performed on the gravity sewer main. Furthermore, the replacement of the station sewer piping shall use stainless steel pipes instead of ductile iron pipes. This increased the cost from $975,000 to $1,325,000. The replacement of the gravity sewer main was scheduled to begin in Fiscal Year 2014/2015 and was estimated to be completed in 2-3 years. As such, the total amount to collect became $1,325,000 - $825,000 (Collected through Fiscal Year 2013/2014) = $500,000 over the next 6 years starting Fiscal Year 2014/2015. Annual charge starting Fiscal Year 2014/2015 = $500,000/6 years = $83,333.33 per year. However, the City unexpectedly did emergency repair and replacement in Fiscal Year 2014/2015, as explained below, which depleted the funds. The City will continue to collect toward the Lift Station replacement to the maximum capacity allowed in order to replenish the fund.

(2) In Fiscal Year 2014/2015, the City replaced two deteriorated 10" main sewer discharge pipes at the lift station with two 8" high-density polyethylene pipes to prevent sewer spillage and to resume normal operations of the station. These two main sewer discharge pipes extend from the lift station along Charter Street and Tapia Street and the two main lines connect to the County Sanitation District Sewer Main line on Irwindale Avenue. The fund balance in the District did not have sufficient funds to cover the entire cost of the project. The City Council approved a loan from the General Fund in the amount of $375,000 to be paid off over 5 years with interest to cover this cost. First year loan repayment to start in Fiscal Year 2015/2016 and end in Fiscal Year 2019/2020. The loan was repaid in Fiscal Year 2019/2020.

(3) The net amount to be assessed upon assessable lands within the District being the total operating, maintaining, and servicing costs. Actual levy to the Los Angeles County will vary due to rounding.
IV. Method of Apportionment and Rate Calculator

The land use for all of the parcels within the boundaries of the Sewer Maintenance Charge area as the area fully develops will be industrial. It has been determined that the sewer maintenance charge is a property related charge, and that a charge based on parcel acreage is a reasonable method for apportioning the maintenance costs. The special benefit will be expressed as a Benefit Unit ("BU"). For every parcel one benefit unit (1.00 BU) will be assigned per acre.

- Developed and undeveloped parcels will be assessed one (1) benefit unit per acre.

- Exempt from the assessment would be the areas of public streets, public easements and rights-of-ways. Also exempt from assessment would be utility rights-of-way, common areas, and sliver parcels not developable, as these parcels do not benefit from the improvements.

The sewer lift station located on parcel 8417-036-900, the storm water detention basin on parcel 8417-027-094 which later became parcel 8417-027-908 and the utility easement to Valley County Water District on parcel 8417-035-900 do not benefit from the sewer system, and are exempt from the maintenance charge.

Southern California Edison has purchased parcel 8417-036-002 which became 8417-036-800. This parcel is not exempt from the Sewer Maintenance Charge and is assessed as parcel 9014-800-001 (State Board of Equalization assigned parcel number or “SBE”).

The Fiscal Year 2022/2023 Sewer Maintenance Charge rate is calculated as follows:

The Maximum Allowable Assessment rate for Fiscal Year 2022/2023 is $1,447.76. The rate is calculated by adjusting the maximum rate established for Fiscal Year 2001-02 of $829.38 per BU by the Consumer Price Index ("CPI") for All Items, All Urban Consumers for the Los Angeles-Long Beach-Anaheim, Area for the prior year (CPI April 2021 = 285.808, CPI April 2022 = 308.302, increase of 74.576% cumulatively).

Sewer Maintenance Total Costs: $160,093.30

Sewer Maintenance Charge Rate Fiscal Year 2022/2023:

$160,093.30 ÷ 110.58 Total BU = $1,447.76/BU

**Maximum Sewer Maintenance Charge Rate: $1,447.76 /BU**

This maximum rate reflects the April 2021 to April 2022 CPI increase of 7.87% over last year’s maximum rate of $1,447.76.
V. District Assessment Diagram

• The maintenance or servicing, or both, of any of the foregoing.

• The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

• The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment;

• The costs of printing, advertising, and the publishing, posting and mailing of notices;

• Compensation payable to the County for collection of assessments;

• Compensation of any engineer or attorney employed to render services;

• Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;

• Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.

• Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "Maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

• Repair, removal, or replacement of all or any part of any improvement.

• Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.

• The removal of trimmings, rubbish, debris, and other solid waste.
• The cleaning, sand blasting, and painting of walls and other improvements to remove or cover graffiti.

The improvements are the operation, maintenance, rehabilitation and servicing of lighting and appurtenant facilities. The facilities and improvements are described as follows:

B) Lighting and Appurtenant Facilities

Street lighting improvements include but are not limited to: poles, fixtures, bulbs, conduits, and conductors, equipment including guys, anchors, posts and pedestals, metering devices, and appurtenant facilities as required to provide safety lighting and traffic signals in public rights-of-way and dedicated easements within the boundaries of the District.

The public lighting system will be maintained to provide adequate illumination. Power for street lights will be furnished by the Southern California Edison Company, or such agency as determined by the City.

C) Operation

Operation includes, but is not limited to, the furnishing of personnel, electrical energy, materials, contracting services, administration, and other items and functions necessary for the satisfactory operation of the public lighting facilities and appurtenant facilities.

D) Maintenance

Maintenance means the furnishing of services and materials for the ordinary and usual operation, maintenance and servicing of the public lighting facilities and appurtenant facilities.

E) Rehabilitation

Rehabilitation means the repair, removal or replacement of all or part of any of the public lighting facilities or appurtenant facilities as required for their intended function.

F) Servicing

Servicing means the maintenance of any of the public lighting facilities or appurtenant facilities, and the furnishing of electric current or energy, gas or other illuminating agent for the public lighting facilities or appurtenant facilities.

The plans and specifications for the improvements are on file in the office of the City Engineer and are by reference herein made a part of this Report.

IV. Estimate of Cost

The cost of the operation, maintenance, rehabilitation, and servicing of the improvements for Fiscal Year 2022/2023, as described in Part III, are summarized herein and described below the table.

Max Rate Per BU FY 2022/2023 $169.83
Levy per BU FY 2022/2023 $139.09
BU $110.51

Revenues
(1) The amount of any surplus or deficit in the improvement fund to be carried over from a previous Fiscal Year.
(2) The net amount to be assessed upon assessable lands within the District being the total operation, maintenance, and servicing costs. Actual levy to the County of Los Angeles will vary slightly due to rounding.

Expenditures
(3) The total costs for improvements to be made for the year, being the total costs of operation, maintenance, and servicing all existing improvements, including all incidental expenses.
(4) The expenditures may include a reserve that shall not exceed the estimated costs of maintenance and servicing to December 10 when the City expects to receive its apportionment of assessments from the Los Angeles County. For this Fiscal Year the reserve is not part of the assessment since the fund balance is enough to cover those costs.
V. Method of Apportionment of Assessment

A) General

Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by cities for the purpose of providing certain public improvements which include operation, maintenance, rehabilitation, and servicing of street lights.

The 1972 Act requires that maintenance assessments be levied according to benefit rather than according to assessed value. Section 22573 provides that:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

In addition, Article XIIID requires that a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Article XIIID provides that only special benefits are assessable and the City must separate the general benefits from the special benefits.

B) Proposition 218 Benefit Analysis

In conjunction with the provisions of the 1972 Act, Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2(d) defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2(i) defines Special benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4(a) defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement,
or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the existing District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel’s proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit".
C) Apportionment by Parcel Size

Acreage has been selected as the principal unit for calculating the special benefit conferred upon the parcels by the street lighting improvements and for apportioning the total assessment. The special benefit will be expressed as Benefit Unit (BU). Every parcel will be assigned one benefit unit (1.0 BU) per acre.

- **All developed and undeveloped parcels.** All parcels will be assessed one (1) benefit unit per acre.

- **Exempt.** Exempt from the assessment would be the areas of public streets, public easements and rights-of-ways. Also exempt from assessment would be utility rights-of-way, common areas, and sliver parcels not developable, as these parcels do not benefit from the improvements. The storm water detention basin on parcel 8417-027-094, which became 8417-027-908 and the utility easement to Valley County Water District on parcel 8417-035-900 do not benefit from the lighting system and are exempt from the lighting assessment.

Southern California Edison has purchased parcel 8417-036-002, which became 8417-036-800. This parcel is not exempt from the lighting assessment and is assessed as State Board of Equalization ("SBE") parcel 9014-800-001.

The sewer lift station located on parcel 8417-036-900 benefits; therefore, it is not exempt and is included in the lighting assessment.

A summary of Benefit Unit (BU) rates is shown in the table below:

D) Special Benefit Determination

**Street Lighting:** Proper maintenance and operation of the street lighting system benefits all properties by enhancing overall safety, mitigating crime, alleviating the fear of crime, and promoting business and industry.

Street lighting provides special and direct benefit to all properties within the District as these lighting benefits are directly related to the positive enhancement of the area and therefore increase property desirability.
E) Assessment Rate Calculation

The Maximum Allowable Assessment rate for Fiscal Year 2022/2023 is $169.83. This rate is calculated by adjusting the maximum rate established for Fiscal Year 2001/2002 of $97.29 per Benefit Unit by the Consumer Price Index ("CPI") for All Items, All Urban Consumers for the Los Angeles-Long Beach-Anaheim Area. The maximum rate reflects the April 2021 to April 2022 CPI increase of 7.87% over the maximum rate of $157.44 for Fiscal Year 2021/2022.

As shown in the budget in section IV, the assessment rate for Fiscal Year 2022/2023 is $139.09 per BU.

Each year, as the City maintains the existing street lighting improvements, the rate per BU will be calculated according to the current year's operations and maintenance budget.

MAY 25, 2022 HOUSING WORKSHOP UPDATE (Joint Item on the City Council agenda)

DIRECTOR SIMPSON

Director Simpson introduced the staff report. She also introduced Mr. Matt Kowta from BAE Consultants.

EXECUTIVE DIRECTOR MIRANDA

Responding to a question by Executive Director Miranda, Board Attorney Guerra advised that this item relates to a General Plan housing workshop and it is not tied to any specific site, and as such, there does not appear to be any conflicts of interest with the Board Members.

MATT KOWTA

Matt Kowta reviewed the PowerPoint presentation he made at last night's housing workshop and noted that the workshop did not discuss any city-sponsored housing developments.

DIRECTOR SIMPSON

Director Simpson elaborated on the staff report and discussed the comments received during the workshop.

BOARD MEMBER ORTIZ

In reply to a question by Board Member Ortiz, Mr. Kowta indicated that the entire process to have the housing element approved by HCD would take another year. Once the draft is submitted to HCD, a mandatory 90-day review period would be held, followed by a 30-day public review period. Any necessary changes would be incorporated before re-submitting to the HCD.

MATT KOWTA

Mr. Kowta advised that staff is continuously seeking input and will refine suggestions before asking the Board to adopt the Housing
HOUSING AUTHORITY MINUTES

VICE CHAIR AMBRIZ
Vice Chair Ambriz noted that city residents have a great interest in future housing within the city. He suggested that the Board take time to review all the information and comments that have been made thus far and hold-off on providing direction today in an effort to ensure that the Board makes the best possible decision.

BOARD MEMBER GARCIA
In response to a question by Board Member Garcia, Mr. Kowta spoke on the availability of overlay zones to allow the development of different types of zoning in specific areas.

CHAIR BURROLA
Chair Burrola asked whether the development of senior housing units would count toward the City's RHNA numbers, to which Mr. Kowta confirmed that they would if they are self-contained, apartment-type units.

Chair Burrola asked whether the Housing Element could be modified once submitted to HCD, to which Mr. Kowta confirmed that it could be. He added that, if a certain area is identified as an appropriate site for housing development, but subsequently removed, then under the “no net loss” rule, the City would have to identify an alternate location and maintain the same capacity.

Chair Burrola thanked staff for the presentation. He then agreed with Vice Chair Ambriz's suggestion to take time to think about the housing needs of the city while also considering all the suggestions that have been made.

MATT KOWTA
Mr. Kowta cautioned that the process needs to move as quickly as possible since the City is operating under certain deadlines, including one that has already passed.

MICHELLE DURAN
Michelle Duran thanked staff for the informative workshop held yesterday and urged the Board to consider using property along Allen Drive for housing only and for no other purposes. She suggested possibly developing senior housing and multi-family units on the site due to its proximity of amenities such as the park. She also suggested that consideration be given to a property near Duarte “where the truck parking is.”

ROBERT DURAN
Robert Duran concurred with Michelle Duran and suggested keeping housing developments near the hub of the city.

DENA ZEPEDA
Dena Zepeda spoke on her interpretation of conflicts of interest and suggested developing housing on Allen Drive since residents living near the city's outskirts feel left out. She also spoke in favor of
developing mixed-income units to avoid segregating certain income-level households.

ANTHONY NARANJO

Anthony Naranjo also thanked staff for the presentation and stated his belief about the need for the Board to act quickly and begin making decisions. He also stated his belief that housing needs have changed and that the priority should be focused on developing multi-family units.

DIRECTOR SIMPSON

As requested by Executive Director Miranda, Director Simpson reviewed the suggestions made at last night's workshop.

VICE CHAIR AMBRIZ

Vice Chair Ambriz reiterated his desire to take time to process the information received and further discuss the matter at the first Council meeting in July.

BOARD MEMBER ORTIZ

Board Member Ortiz agreed with Vice Chair Ambriz about the need to process the information received. He spoke on the potential for housing to be developed on the various sites that were presented, with the principal focus on Allen Drive.

BOARD MEMBER GARCIA

Board Member Garcia agreed and stated that he would like the opportunity to visit all the proposed sites to get a better feel of the locations, with Allen Drive being the priority for housing development. He also requested a copy of the information provided at last night's workshop so he can review it and provide additional feedback.

BOARD MEMBER BRECEDA

Board Member Breceda stated that there are some sites that he would like to look into.

CHAIR BURROLA

Chair Burrola thanked staff for the workshop and for all the information provided to the public thus far. He also acknowledged the public's apparent preference to develop housing on Allen Drive, and suggested possibly further discussing this information at the next Board meeting.

Responding to a question by Chair Burrola, Mr. Kowta indicated that staff does not necessarily need to know a specific number of homes to be developed at this time. However, now that Allen Drive seems to be the prime location, it is very important to determine the type of housing that should be developed there, as well as determine where higher-density units could be placed. He requested Board input, perhaps at the next meeting, on the amount of units to be developed per income category.

VICE CHAIR AMBRIZ

Vice Chair Ambriz reiterated his belief that the Board needs more time to analyze, and suggested further discussion at the first meeting in July.

DISCUSSION HELD

Discussion was held relating to the following:

1) Costs of hiring a certified trainer as compared to the costs in training staff to become certified trainers, and whether staff is willing to be trained.
2) The Parks & Recreation Commission originally proposed the idea to have a certified trainer assist in the weight room.
3) The costs involved in upgrading the audio / video components in the Council Chambers.
4) The costs of purchasing vs. renting a portable stage and its availability under each scenario.
5) Costs and availability of training for members of the Public Works Services team.

CHAIR BURROLA

Chair Burrola suggested for staff to check whether staff members are willing to be trained to serve as certified trainers in the weight room, and for instructional videos be displayed on monitors at the weight room for those individuals that are interested in learning how to use the machines. He also suggested that the portable stage be rented instead of having the city purchase one.

REBECCA BARBOSA

Rebecca Barbosa spoke on her training experiences during her time working for the City.

EXECUTIVE DIRECTOR MIRANDA

Executive Director Miranda briefly spoke on the potential funding sources that Assistant City Manager Olivares is working on securing for shovel-ready projects.

BOARD ATTORNEY GUERRA

Board Attorney Guerra noted that the next steps in adopting the budget would be to prepare an ordinance and introduce it at a City Council meeting for first reading then at another meeting for second reading and adoption.

MOTION

A motion was made by Vice Chair Ambriz, seconded by Board Member Breceda, to approve the costs associated with training five staff members to take certified trainer courses and include in the FY 2022/2023 budget. The motion was unanimously approved.

NEW BUSINESS

ITEM NO. 2A
EQUITY SHARING POLICY

BOARD ATTORNEY GUERRA

Board Attorney Guerra discussed the report and made a PowerPoint presentation.

BOARD MEMBER GARCIA

Board Member Garcia asked how interested homeowners could sign up for the new equity sharing formula, to which Board Attorney Guerra advised that they would need to submit an application with the Housing Authority indicating that they desire to change their existing agreement to reflect the new equity calculation, after which it would be presented to the Board for consideration. He further advised that the provisions of the equity-sharing calculation would govern if the homeowners were to sell the property.

VICE CHAIR AMBRIZ

Vice Chair Ambriz commended the Board for previously having instructed staff to draft the equity sharing policy. He then asked Board Attorney Guerra if the existing 45-year covenant that is tied to those houses that participated in one of the city's housing programs could be erased, to which Board Attorney Guerra stated that the 45-year covenant is tied to the use of low and moderate income housing funds.
He stated his willingness to check again, but reiterated that he has been unable to find any legal authority previously to deviate from that.

Vice Chair Ambriz then asked Board Attorney Guerra to search for a way that the city can get out from under the 45 year covenant.

Board Member Breceda a neighbor’s comment and had agreed that being confined to the 45 year covenant would be difficult, but noted that it is something that is implemented by the state, which does not want homeowners who participate in these types of programs to sell their houses at a profit.

Board Attorney Guerra stated that every Housing Authority that uses these funds is subject to these requirements. He suggested that, going forward, the desire may be to avoid utilizing low/moderate income housing funds in an effort to avoid being tied to similar covenants.

Chair Burrola also asked Board Attorney Guerra to search for loopholes in an effort to avoid requiring covenants for the city’s housing programs.

Board Member Breceda suggested asking the contract lobbyists for help in speaking to legislators about removing the state requirement for the covenant.

Board Attorney Guerra reminded the Board that: 1) the Housing Authority submits an annual audit report to HCD indicating where the properties are at with regard to the 45-year covenant, and 2) although staff can attempt to work with lobbyists and legislators, the current housing atmosphere would probably prevent any success.

Responding to a question by Board Member Ortiz, Board Attorney Guerra advised that the points he covered tonight were just a refresher of the updated policy, and that no action would be taken tonight.

Becky Barbosa stated her belief that neighboring cities do not have any such covenants in their housing programs, suggested for Board Member Breceda to approach State Senator Rubio and Assemblymember Rubio for their assistance, and asked whether her son would have to income-qualify in order to inherit her house.

Dena Zepeda asked whether Irwindale was a “self-owned city” and asked what happened to $18 million in housing funds that she believes went missing.

Dolores Barbosa compared the Housing Authority’s First Time Homebuyer program to predatory lending programs and stated her belief that participating homeowners did not realize what they were agreeing to when signing contracts. She then stated that, since the Housing Authority is required to be on the homeowner’s insurance
policy for the property, that it should also pay to make repairs to houses.

BECKY BARBOSA

Becky Barbosa asked why the program requirements do not end at the time of death of the individuals that originally entered into contract for the property.

BOARD ATTORNEY GUERRA

Responding to several questions, Board Attorney Guerra advised that 1) Irwindale remains a charter city, though the issue at hand pertains to the Housing Authority, which is a separate entity with separate laws, 2) he does not believe that the newer 45-year covenants would be added to the prior 20-year covenant for participating properties, 3) the use of low and moderate income funds triggered the 45-year covenant requirement, and 4) the funds that the Housing Authority loaned were used to protect the agency's investment in housing.

VICE CHAIR AMBRIZ

Replying to a question by Vice Chair Ambriz, Board Attorney Guerra advised that his firm would look into the request to see if any new loopholes could be identified.

PUBLIC HEARINGS

ITEM NO. 3A

ADOPTION OF FISCAL YEAR 2022-2023 BUDGET AND
ESTABLISHING THE APPROPRIATIONS LIMIT FOR FISCAL
YEAR 2022-2023 (Joint Item on City Council, Housing Authority, and
Reclamation Authority agendas)

DIRECTOR BORHANI

Director Borhani presented the staff report and noted that staff would remove an erroneous paragraph from the report, and made a correction to Operations Budget Requests and the deficit to the General Fund.

DIRECTOR RODRIGUEZ

Director Rodriguez noted that staff would need Council direction in order to move forward with adding another week to Mariachi Fest. She added that staff is also checking with the Zumba Gold instructor to determine if she is available to provide instruction at 6 p.m. She further noted that, should the instructor hold classes at 6 p.m., staff would also need to stay past their usual quitting time, which would require a "meet and confer" process with that employee's bargaining unit.

BOARD MEMBER ORTIZ

Responding to a question by Board Member Ortiz, Director Rodriguez indicated that the extra Zumba Gold class would be offered at the Senior Center's dining room or multi-purpose room, and would be a new service that is offered.
A motion was made by Board Member Breceda, seconded by Vice Chair Ambriz, to approve the Operations Budget Requests to add one additional week to Mariachi Fest and one additional hour of Zumba Gold per week beginning at 6:00 p.m. The motion was unanimously approved.

Director Borhani advised that, with these approvals, the new total deficit for the city is $199,600. He added that the second reading to approve the budget ordinance is scheduled for June 22.

Replying to a question by Board Attorney Guerra, Director Borhani advised that the detail sheets within the budget books would be revised as explained earlier, including a change to a table in Attachment A of the ordinance.

Chair Burrola thanked staff for the report and for advising that the deficit has shrunk to nearly $200,000 from $3 million.

Board Member Ortiz asked about park patrol on the 4th of July, to which Chief Henshaw advised that extra patrol would be made available. He also noted that undercover operations will be patrolling the streets in search of illegal fireworks.

At 8:05 p.m., Chair Burrola opened the public hearing. There being no speakers, Chair Burrola closed the public hearing at 8:05 p.m.

There being no further business to conduct, the meeting was adjourned at 8:49 p.m.

Background and Analysis:

As requested by Mayor Pro Tem Ambriz at the meeting of May 26, 2022, this matter is placed on the agenda for the Irwindale Housing Authority (IHA) Board to discuss and provide direction regarding the Irwindale Housing Authority Guidelines, Policies, and Procedures for Senior Low/Moderate Income Housing Apartment Rental Program (Guidelines). Specifically, Mayor Pro Tem Ambriz requested to discuss the application process for Las Casitas. The attached Guidelines were adopted by the IHA on November 10, 2021.
It is therefore recommended that the Board discuss the current Guidelines, and provide any direction to staff.

Next Steps:

There are currently two vacant units at Las Casitas. Next steps will depend upon the direction of the Board.

1. If Guidelines remain unchanged, the Board may authorize Staff to immediately open the application acceptance period and mail out a notice regarding the Las Casitas vacancies to Irwindale residents and individuals on the Las Casitas interest list.

2. If the Board desires to amend the Guidelines, the Board must provide direction to Staff as to the desired changes. Amended Guidelines based on the Board’s direction will be prepared and placed on the agenda for the Board’s consideration and adoption. Once the Board has adopted amended Guidelines, Staff will then open the application acceptance period and mail out a notice regarding the Las Casitas vacancies to Irwindale residents and individuals on the Las Casitas interest list.

3. This item may also be brought back to the Board for further discussion.

A copy of any such audio recording or transcript shall be provided to the Appellant upon request, and the Irwindale Housing Authority may charge a fee sufficient to cover the actual cost of copying said transcript or audio recording.

(e) **Written Decision.** After considering all of the testimony and evidence submitted at the hearing, the Hearing Panel must issue a written decision within seven (7) business days of the hearing. The written decision may be in the form of a resolution adopted by the Housing Authority Board.
