## **B. RESOLUTION.**

### **NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF IRWINDALE, HEREBY RESOLVES, DETERMINES AND ORDERS AS FOLLOWS:**

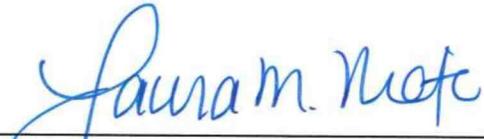

1. The City Council hereby specifically finds that all of the facts set forth in Recitals, Part A, of this Resolution are true and correct and incorporated herein by this reference.
2. Based upon substantial evidence presented to this City Council during the public hearing conducted with regard to the Application, including written staff reports, verbal testimony, and evidence in the City's record for the project, this City Council hereby specifically finds as follows:
  - a. The Zone Change from M-2 (Heavy Industrial) to R-2 (Medium Density Residential) is intended to encourage the highest and best use for the subject property and is determined to be in the best interests and welfare of the City and its residents.
  - b. The property listed is currently a ten (10) acre site that has not been developed is located at 5100 Allen Drive. The Medium Density Residential, R-2 design standards will allow a housing density standard of 14 units per acre with a minimum lot size of 6,000 square feet.

- c. The Zone Change will not be detrimental to the public interest, health safety, convenience, or welfare of the City. The purpose of the Zone Change is to properly rezone existing parcels in support of the 2021-2029 General Plan Housing Element Update which includes an inventory of sites within the City that would be suitable for accommodating the housing identified in the Regional Housing Needs Assessment (RHNA). While the Housing Element does not propose the development of housing on any specific site, it does identify locations and policies that would support future housing development. 5100 Allen Drive is included as one of the identified sites that would support future housing development, and the map shall be updated to reflect the proposed change.
  - d. The affected property is physically suitable in terms of design, location, operating characteristics, shape, size, topography, and the provision of public and emergency vehicle access, and public services and utilities and is served by highways and streets adequate in width and improvement to carry the kind and quantity of traffic the use would likely generate, to ensure that the use(s) will not endanger, jeopardize, or otherwise constitute a hazard to the property or improvements in the vicinity in which the property is located.
3. On June 30, 2025, Senate Bill 131 (SB 131) became effective immediately and states that CEQA does not apply to rezoning actions that implement an adopted housing element. The City Council finds that pursuant to Public Resources Code Section 21080.085(a), CEQA does not apply to a rezoning that implements the schedule of actions contained in an approved housing element pursuant to subdivision (c) of Section 65583 of the Government Code.
  4. Based upon substantial evidence and testimony received at public hearing and the findings and conclusions set forth hereinabove, the City Council hereby adopts and approves Zone Change No. 05-2025 to change the Zoning Map as shown in attached "Attachment A".
  5. The Chief Deputy City Clerk shall certify the adoption of this Resolution, which shall become effective immediately.
